

Remeew Open Systems Edge (ROSE) Our 25 Year Product Warranty Cable Connectivity Testing and Partnerships

Recent independent testing, conducted by ETL, has shown that Remeew's RemPro series met or exceeded all TIA/EIA Category 5 & 6 channel testing standards when using one of the following connectivity manufacturers.

Therefore, Remeew is pleased to offer two styles of *channel warranties*.

The two types of channel warranties are available with the use of Remeew cable and selected channel hardware.

A) Warranty issued with a partnered company and Remeew, will be administered through the connectivity manufacturer.

or

B) Warranty issued & administered by Remeew, allowing the customer the flexibility to use an assortment of connectivity manufacturers as shown below. There are specific conditions regarding the Remeew warranty as detailed in the **Remeew Open Systems Edge (ROSE Warranty)**.

Connectivity Manufacturer	5 & 6 Channel Test Status
