REEMEE CABLE

Selection Guide

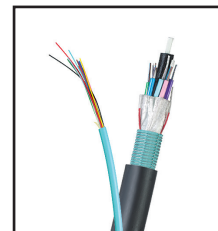

ACTIVATE™ BY REMEE POWERED CABLE SOLUTIONS

- Standard Category PoE Cables
- Single Pair Ethernet (SPE)
- uTP™ - utility Twisted Pair Cables
- PowerPipe™ Fault-Managed Distribution Power Cables, Class 4 rated

FIBER OPTIC CABLES

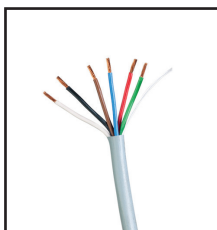

- Indoor & Outdoor
- Armored and Unarmored
- Polyethylene, Low Smoke Zero Halogen (LSZH), and PVC Jacket Types
- 2 – 288 fibers
- SM, MM, OM3 & OM4
- AquaLock™ Dry Tube Technology
- RemCore™ MicroTube Cables
- Loose Tube, Tight Buffer
- Loose Tube, Tight Buffer
- OFNP, OFNR, OFNR-LS, OFCP, OFCR, OSP

VIGILANCE™ SECURITY, ALARM & CONTROL CABLES

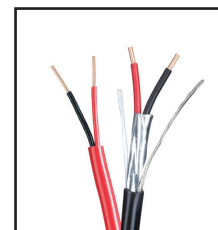

Security Alarm Cables

- Riser, Plenum, Outdoor/Direct Burial/ Wet Location
- Shielded or Unshielded
- AWM Approvals on Certain Cables

Fire Alarm Cables

- Riser (FPLR) and Plenum (FPLP)
- Shielded or Unshielded
- Available in Colors
- EZ Peel-Off Jacket for Fast & Secure Installation
- NYC LL39 150° and 200°

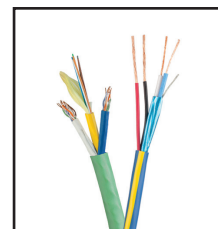

Access Control Composite Cables

- OSDP (RS-485) and/or Wiegand (Analog) Card Reader Protocols
- Card Reader + Lock Power + Door Contact + REX with Spare
- Riser, Plenum, Outdoor/Direct Burial/ Wet Location
- Shielded or Unshielded Component Types Available

Shade & Lighting Control Cables

- Shade/Screen and Lighting Control Cables
- Crestron®, Lutron®, Elan® and AMX®
- 0-10V LED Low Voltage

**Trademarks are owned by the respective brands. contact Remee for more information.*

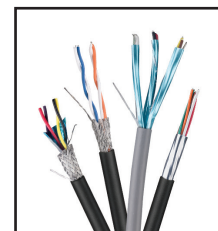

RENEWABLES™ BY REMEE FOR SOLAR & WIND POWER

- Solar Array PV (Photovoltaic) Cables – Copper, 1kV/2kV with Str BC or TC; 600V with Str BC; XLPE ins
- Collection Cables – DC Feeder Aluminum PV wire, rated 1kV/2kV, XLPE ins
- Power Equipment / Wind Tower Cables – Copper, Type RHH/RHH-2/USE-2, 600V, Str BC or TC, XLPE ins, wet location; Type WTTC 4C, 1000V, Str BC, XLPE ins, PVC jkt
- MV Primary Distribution Cables – Aluminum or Copper, 35kV, with TRXLPE ins and XLPE jkt
- Substation Cables – Variety of Copper, Fiber Optic and Hybrid instrumentation & control cables
- Fiber Optic Cables – 22 and 28 Series, loose tube, gel or dry AquaLock®, single jkt, armored or non-armored
- BC & TC Solid and Stranded Ground Wire
- UL Listed cables

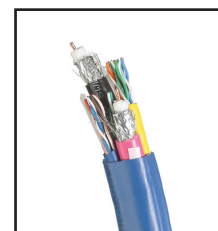

TEKWIRE™ AUDIO, INSTRUMENTATION, CONTROL & DIGITAL SIGNALING CABLE

- Single, Multiconductor and Multi-pair
- Tinned copper conductors
- 24 AWG to 18 AWG
- Plenum, Riser, LSZH, Direct Burial
- RS 485 and RS 232
- Foil and foil/braid shield options
- 300V rated
- Rugged industrial designs available

HOME AUTOMATION/MIXED MEDIA CABLES

- Riser, Plenum, Indoor/Outdoor, and Direct Burial
- Extruded Striped Jackets
- Coax, UTP (Cat 6 and Cat 5e) and Speaker Wire
- Composite, Siamese constructions

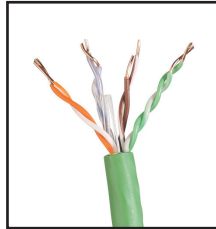

REEMEE CABLE

Selection Guide

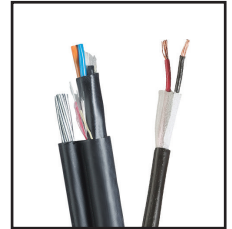

DATACOM CABLES

- Category 6A, 6 and 5e
- Riser, Plenum, LSZH, Outdoor/ Direct Burial
- Armor and Bundling Options
- UTP & STP
- Compatible with PoE, PoE+ and 4PPoE Systems

WET LOCATION CABLES

- Copper & Fiber Optic Cable
- Shielded or Unshielded
- Water Blocked
- Direct Burial/OSP/MSHA**

***Some cables are MSHA approved; contact Remee for more information.*

COAXIAL CABLES

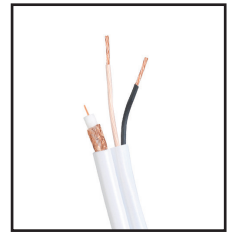

CATV Coaxial Cable

- RG11, RG6, and RG59
- CCS Center Conductors with Aluminum Foil and Braid Shields
- Riser, Plenum, Outdoor/Direct Burial

CCTV Coaxial Cable

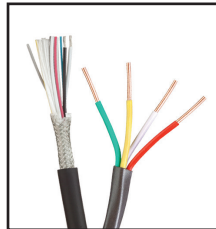

- RG6 and RG59
- Riser, Plenum, Outdoor/Direct Burial
- 95% Bare Copper Braid or CCA Braid

AUDIO/VIDEO CABLES

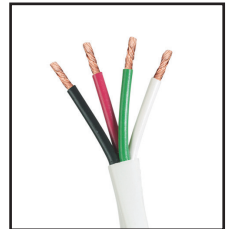

Broadcast Cables

- SMPTE Camera Cables (1CH, 3CH and 4CH)
- SMPTE Hybrid Fiber/Copper Cables
- Analog/Digital Audio
- Analog/Digital Video
- Fiber Optic Cable
- 6GHz UHD (4K) Precision Video Coax Cables
- Microphone Cables
- Premise Bundled Snake Cables

High Strand Pro-Audio Cables

- 14/2, 14/4, 16/2, 16/4, 12/2
- High Strand Oxygen-Free Copper
- Riser, Plenum and Outdoor

REMNANT™ EXCESS INVENTORY CABLES

- Excess Inventory
- Random Lengths

OPTIONS & CUSTOM DESIGNS

- Armoring
- Extruded Striping
- Custom Jacket Printing
- Special Colors
- Custom Combinations—Hybrids, Composites, Bundled, etc.
- Customer Specific Designs

Don't see what you're looking for? Remee has a huge selection and extensive capabilities.
